CEE COACH PLUS

# The New Generation. CEE COACH PLUS.

Experience more together: peiker CEE makes it possible with its new communications system, CEE COACH PLUS. Make group sport a special experience with outdoor activities for up to 16 users. The CEE COACH PLUS keeps you connected in any situation. A secure network with a range of up to 700 metres is created, thanks to CEE Intercom Technology. The CEE COACH PLUS uses active speech recognition – no more pressing a button to speak. Easy communication, keeping an eye on the surroundings and enjoying the sport together - CEE COACH PLUS makes it possible.

## Experience more together

The CEE COACH PLUS is perfect for any outdoor activity, whether you're skiing in the mountains, horse riding, or mountain biking. The third product generation of the proven communication system from peiker CEE now enables simultaneous, hands-free speech for up to 16 participants. The CEE COACH PLUS also optimises team coordination and interaction – at a range of up to 700 metres. With its impressive speech and sound quality, wind noise reduction through active speech recognition, and up to 18 hours of battery life, the CEE COACH PLUS is the ideal team partner for any sports activity.

## **Facing any situation head on**

The CEECOACH PLUS One-Click-To-Connect system allows all users to connect with each other quickly by simply pressing two external buttons. At peiker CEE, security is our top priority: the proprietary CEE Intercom Technology creates a private, encrypted network among CEECOACH PLUS devices, independent of Wi-Fi, mobile and radio networks.

## **Move freely and stay connected**

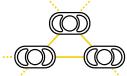

Freedom of movement in sport was a central point in the development of the new generation. Different mounts therefore support each user optimally during sports. The CEECOACH PLUS can be conveniently clipped to your clothing or belt. Especially for functional clothing without many pockets, the CEECOACH PLUS can also be strapped to the arm with a hook-and-loop armband or hung around the neck by a lanyard.

# **Experience. Together. Now.**

CEE COACH PLUS

# At a Glance. Discover the Advantages.

## Key Facts
